Peace Conference Closes its Sessions with Completion of Ottoman Treaty.

French Troops Dispatched to Constantinople to Guard in the Near East.

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, March 3.—The Peace Conference closed its London sessions tonight after preparing the Turkish treaty and its economic conclusions in such manner that they may be completed by assistants. The treaty will be handed to Turkey at Paris, March 22, it was announced.

It is possible that Premier Millerand will come to London next week to confer with the foreign ministers and ambassadors on the contents of the Hungarian treaty.

PARIS, March 3.—Turkey's army will be limited to the number of troops necessary to maintain order in Asia Minor, according to the journal, which says Turkey will be compelled to keep her armed forces on the Asiatic side of the Bosphorus.

MARSEILLES, March 3.—The steamer Austria will sail from this port tonight for the Near East with 1800 French troops, who will disembark at Constantinople.

WOULD EXPEL TURKS.
WASHINGTON, March 3.—Under a resolution introduced today by Senator King, Democrat, Utah, the Senate would declare in favor of the expulsion of the "government of the Ottoman Turks" from Constantinople and the erection of three independent states in Turkey.

The resolution was referred to the Foreign Relations Committee after some discussion of the failure of President Wilson to comply with the Senate's request for a copy of the

Blood Pressure Normal, and Interest and Enthusiasm Keen as of Old.

(BY A. P. NIGHT WIRE.)
WASHINGTON, March 3.—President Wilson went motor riding today, the first time he has been out since he returned to Washington a very sick man from his western tour last October.

The President was accompanied by Mrs. Wilson, Dr. Grayson and secret service men, and took a spin around the "Speedway" along the Potomac. A closed car was used. Photographing was prohibited. Almost ideal weather prevailed. The car was kept closed throughout the trip, however.

SMILES AT PACT ENEMY.
Going through the Capitol grounds the President passed Senator Borah of Idaho and recognition was simultaneous, both waving their hands and smiling. Throughout the trip, Dr. Grayson said, the President was delighted, and remarked that he felt as though he had been away from Washington a long time.

Passing the vicinity of a market house, the President, who delights always in reading signs when he is motoring, saw a large sign quoting pork at 35 cents a pound. Although he has given much serious consideration to the high cost of living, the President remarked to Mrs. Wilson: "That brings it home to you when you see a big sign like that."

WOMEN WAVE TO HIM.
During the drive the President passed many groups of people who recognized him and he smiled his acknowledgment of their greeting. Quite often women who recognized him waved their hands.

After passing the Capitol the President returned to the White House via the Union Station and Massachusetts Avenue. The President had been much benefited by his ride, and that an examination of his blood pressure on his return showed it to be quite normal.

The President, Dr. Grayson said, probably will not go out driving every day for a time.

State Railroad Commission to Assist in Conserving Dwindling Supply.

Chairman Edgerton Heads a Committee to Study Serious Shortage.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, March 3.—First steps to gather accurate, complete information on the water situation in California and to work out definite plans to alleviate drouth conditions, said to be the most critical in many years, were taken here today when various State and Federal officials formed an organization, headed by E. O. Edgerton, president of the State Railroad Commission, to be known as the Emergency Water Conservation Conference.

The conference will begin work at a meeting of representatives of the delta lands, which has been called in this city Friday, to assemble all data bearing on the water situation in their sections of the State.

A second meeting will be held at Willows, March 10, and a third at Gridley the following day. Following these sessions, which all water users are invited to attend, Chairman Edgerton and his associates will give close study to the facts as brought out and later issue orders to water and power users.

Those present at today's meeting included Chairman Edgerton, S. T. Harding, State engineer's office; Frank Adams and E. J. Vetter, United States Department of Agriculture and University of California irrigation investigators; G. H. Heckle, State Department of Agriculture; C. H. Lee, State Water Commission; H. D. McLaughlin, United States Geological Survey; A. H. Palmer, United States Bureau of Reclamation; H. C. Butler, State water administrator; Lieut.-Col. L. H. Rand, United States War Department; C. H. Loveland and L. S. Ready, State Railroad Commission. Chairman Edgerton issued this statement:

SITUATION CRITICAL.
"Despite recent rainfall drouth conditions in the State will remain the most critical in more than thirty years. Water users and irrigationists are being urged to conserve water. A sufficient water supply was made available by reason of the recent rainfall, but the water or power conditions throughout the State during the coming summer.

Such rainfall as has occurred in the State has been temporary. Improved conditions, especially from the viewpoint of pasturage and agriculture, are being maintained, but a very temporary nature, and water users should exercise extreme care that they are not misled into believing that drouth conditions have been eliminated because of this rain.

"Reports from various localities show that no material relief for the coming summer has occurred. Records of rainfall for February, averaged between 5.00 and 10.00 inches. It was only 57 per cent. of the normal and that during January it was only 18 per cent. of normal.

"This deficient rainfall, coming after three years of sub-normal conditions, makes it probable that even if the rainfall is far above the normal for the coming month a sufficient supply will not be available to meet summer demands. The streams have shown only a slight rise due to the recent rainfall.

SACRAMENTO RIVER LOW.
"The Pitt River, which is the main feeder of the Sacramento River, discharged during February 1920 only 20 per cent. of what was discharged in February, 1919, and now is only discharging a very small amount over its recorded minimum. We therefore urge that there be no relaxation of the utmost efforts to conserve water, reduce the area irrigated, and exercise every other possible precaution to ward off the evil effects of the drouth."

Representatives of seven chambers of commerce and six irrigation districts in Northern California appeared before the State Railroad Commission here today to protest against the alleged practice of the Pacific Gas and Electric Company in diverting between 5000 and 10,000 horse power in electrical energy from their combined districts for use elsewhere. The company's reply was heard today.

COMMITTEE QUESTIONS COLBY QUALIFICATIONS.

FOREIGN RELATIONS MEMBERS INSIST ON CAREFUL CONSIDERATION.

(BY A. P. NIGHT WIRE.)
WASHINGTON, March 3.—Action on President Wilson's nomination of Charles Kellogg to be Secretary of State was delayed by the Senate Foreign Relations Committee today after a discussion in which some members are said to have insisted that his qualifications be given careful consideration before confirmation was recommended. It was said that neither the Democratic or Republican Senators showed any disposition to urge a quick confirmation.

Investigation will be made by the Senate Foreign Relations Committee of charges that George W. P. Hunt, a nominee of the President Wilson for Minister to Siam, had publicly declared his sympathy with the I.W.W. before action on the appointment, the committee decided, but deferred until Friday any decision on detailed plans for hearing the case.

PHOENIX (Ariz.) March 3.—Denial that he had declared his sympathy with the I.W.W. was made today by former Gov. Hunt, appointed Minister to Siam, commenting on the announcement from Washington that investigation of the charges would be made.

The accusation is absolutely false, the former Governor said.

(BY A. P. NIGHT WIRE.)
HALIFAX (N. S.) March 3.—The passengers and most of the crew of the Leyland liner Bohemian, which stranded on the Sambro ledge, and was abandoned yesterday morning with the loss of seven lives, sailed today on the steamer Canada for Liverpool.

REDS CAPTURE BATAISK.

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, March 3.—A Moscow wireless dispatch received tonight announced the Reds have captured Bataisk, on the Sea of Azov.

The Red forces in the capture of Bataisk took prisoner a total of 1503 White officers, including fifty-three generals and 217 colonels, says a Moscow wireless.

A Moscow wireless dispatch says the proposed peace conditions with Poland have been denounced as extravagant.

WASHINGTON, March 3.—A committee representing the American Commercial Association, formed to promote trade with Russia, urged the State Department today to remove restrictions against trade with that country and to permit a delegation of business men to go to Russia to investigate economic and industrial conditions.

ACTOR TRAILS BANDITS; PAIR JAILED BY POLICE

After being held up by two young bandits at Kipp and Ingraham streets last night, Charles Kellogg of the Fine Arts Film Company halted a passing automobile and trailed the highwaymen to the Third-street tunnel, where he summoned Patrolman W. F. May, who arrested them. At Central Station they gave the names of Earl Rogers, 19 years old, and John Gorman, also 19. Both are held in the City Jail on charges of highway robbery.

Kellogg was held up near his apartment at 425 Loomis street at midnight by the two youths, who secured his watch, pocket knife and 35 cents. At Central Station these articles were found in their pockets. The youths each carried a revolver.

Police records show that Rogers was arrested by Patrolmen Wingate and Casey at the Arcade depot on January 23. He was carrying a revolver and was sentenced to forty days in the City Jail for having a concealed weapon. Five days ago he was released, it was stated. Gorman had been sentenced to thirty days for vagrancy and idleness and had finished his sentence only a short time ago, according to his statement.

Three bandits, operating from an automobile, held up H. C. Seber of 2272 West Twenty-second street while he was walking on Arlington street, between Twenty-first and Twenty-second streets, at midnight, and robbed him of \$35 at the point of their guns, according to his report to the University Police Station.

SUFFRAGE PASSES IN WEST VIRGINIA HOUSE.

CHARLESTON (W. Va.) March 3.—The House of Delegates of the West Virginia Legislature ratified the Federal suffrage amendment late today by a vote of 45 to 42.

MURDER, ROB, RAID IN IRELAND.

(BY CABLE AND ASSOCIATED PRESS.)
DUBLIN, March 3.—The killings of three persons in various parts of Ireland have been reported in the past twenty-four hours. Frank Shawe Taylor, a land owner, was shot dead at Athlone, county Galway, today; an unknown man died as the result of wounds received in Dublin yesterday, and Robert March was killed at Cork last night. A mail van containing letters of Viscount French, Lord Lieutenant of Ireland, was held up today by an armed man, who carried off the mail.

The military and police today raided Liberty Hall, the headquarters of Larkin's Transport Workers; Banta Hall, headquarters of the Grocers' Assistants' Organization, now on strike; the Gaelic League offices, the rooms of the Leinster College of Irish and numerous private houses. The principal arrest today was that of William O'Brien, leader of the transport workers, who was prominent in the corporation and recently successfully demanded the removal of the mace and sword.

Thomas Hunter, Sinn Fein member of Parliament for Northeast Cork, also was arrested, with his partner, Peter Clancy.

The theft of the letters of Viscount French, has caused great excitement at military and police headquarters. All the houses in the district have been searched and numerous arrests made, though the mail has not been discovered. Virtually every house in Eccles street is occupied by the military.

An amendment offered by Burgo-master Max excluding women of "notorious misconduct" was adopted.

WORST BLOCKADE IN THIRTY YEARS; CITIES MAROONED

(BY A. P. NIGHT WIRE.)

KANSAS CITY, March 3.—From a balmy, spring-like temperature the thermometer dropped rapidly tonight. A strong, icy gale blew in from the northwest over most of Kansas, Western Missouri and Arkansas, and Northern and Eastern Oklahoma. The blizzard condition which developed in Eastern Colorado last night brought flurries of snow tonight.

Throughout Northwestern Kansas a fall of approximately 23 deg. in four hours was recorded and almost crippled wire communications in many places.

Wood Alcohol Echo
HARTFORD (Conn.) March 3.—Frank Rose, Nathan Salzbarg, Jacob Bronerwine and Saul Joseph, charged with murder in connection with sixteen deaths in this State at Christmas time from drinking wood alcohol, were allowed to enter plea of nolo contendere to charges of manslaughter in the Superior Court today.

Children Burn to Death
CLEVELAND, March 3.—Helen and Stanley Zinezkovski, aged 4 and 3, were burned to death tonight when their home was destroyed by fire. After their father, Jacob Zinezkovski, carried his 11-month-old son to a neighbor's house, he returned to the other children, but flames blocked his way. Within a few minutes the neighbor's house ignited and Zinezkovski again had to rescue his baby.

The Portuguese Strike
MADRID, March 3.—The Portuguese Minister at Madrid has informed the Associated Press that Lisbon dispatches dated midnight the arrival of strikes on the railroads is confined to those belonging to the state. The private lines are still running and trains for Spain left at the usual hours. The Minister asserted alarmist reports were spread in Spain by Portuguese monarchists with the intention of misleading opinion.

Sinn Fein Outrage
BELFAST, March 3.—A score of armed men entered the Kinselaugh (county Donegal) railway station Tuesday night shortly before the arrival of the London-derry train, seized the station master and porter, bound them and placed them in the waiting room. When the train arrived the raiders drew revolvers, boarded the engine, placed the engineer and fireman under arrest and ransacked the train. The passengers were not molested.

Lowden on Americanism
MINNEAPOLIS, March 3.—Pleading for Americanism and denouncing all movements which threaten the stability of the State, Governor of Illinois and Republican Presidential candidate, closed his campaign in the Twin Cities tonight. A severe storm reduced attendance at the meeting he addressed. Gov. Lowden disapproved of the "harmful" workers and employees, river development, furtherance of the interests of agriculture and curbing government waste and extravagance.

SIoux CITY HELPLESS.
SIoux CITY (Iowa) March 3.—With the worst blizzard of the winter, rain and not snow, is running in Sioux City tonight.

Engineers and firemen in the street-car power-house went on strike for more money 5 o'clock today. The company was unable to get all of its cars into the barns before steam and power went down, and cars are to be stalled and driven in all parts of the city. Taxicab and jitney men are reaping a harvest.

The men submitted a demand for a wage increase of 10 to 15 per cent. February 21, last. The strike followed a refusal of the demand and threw many motorists and conductors out of work.

STATE TREASURY HAS \$17,000,000.

February a Prosperous Month.
Balance Increased \$5,000,000.

(BY A. P. NIGHT WIRE.)
SACRAMENTO, March 3.—February was a prosperous month for the State. The cash balance in the treasury increased \$5,000,000 and the total reached nearly \$17,000,000.

State Treasurer Richardson, in his report today, says that \$11,584,105.13 was collected, \$1,584,105.13 was paid out. The largest items of expense were:

Compensation in insurance fund, \$446,000; high schools, \$335,000; second highways, \$250,000; San Francisco harbor improvements, \$102,000; common schools, \$1,775,000.

The total available cash on hand and on deposit amounted at the close of the month to \$16,941,312.23.

(BY CABLE AND ASSOCIATED PRESS.)
BRUSSELS, March 3.—The Chamber of Deputies today adopted the first article of a bill granting communal suffrage to all citizens, including women, 120 to 37.

LONDON, March 3.—The Belgian chamber has voted in favor of votes for women 21 years of age, as well as men, in communal elections, says the Brussels correspondent of the London Times. All the Catholic members voted for the measure and all the Liberals, except Paul Hymans, Minister of Foreign Affairs, and Burghomaster Max, against it, while the Socialists were divided between their general principle of equality and fear of religious influence. The Liberals considered that women are not yet ready for the vote.

An amendment offered by Burgo-master Max excluding women of "notorious misconduct" was adopted.

In view of the fact that voting at elections is compulsory, the presence of only one woman in the public gallery during the debate would seem to indicate how little interest the women take in the question.

BRUSSELS, March 3.—The general council of Belgian workers unanimously has accepted an order of the day demanding regulation of dwellings, a uniform price of bread, revision of the income tax, regulation of the production and distribution of coal and interdiction of the importation of luxuries. Demonstrations to this end will be organized throughout the country March 23, it was said.

Mexico to Ask American Bullets with Which to Kill Americans.

TALK LOUD NOW LANSING'S GONE.

Feel Sure of Lifting the Embargo on Munitions.

Three Hundred Victims of Our Own Ammunition.

Half of Carranza Shipments Seized by Rebels.

WASHINGTON, March 3.—Mexico is said to be preparing to demand permission to import arms and munitions of war from the United States.

Hilario Medina, Subsecretary of Foreign Affairs, in a statement which has been reported to the State Department, has announced that, as a result of the retirement of Robert Lansing as Secretary of State, it is probable that the Mexican demand will be met.

At the same time there was made

public in Mexico City the text of the most recent correspondence between Mexican Ambassador Bonillas and Secretary Lansing on the matter.

Because of the unsettled conditions in Mexico, the State Department has for several years refused to permit war munitions to be exported to Mexico, except in a few specific instances.

Investigations showed that the rebels secured at least half the munitions permitted to move for the Carranza forces.

The investigation also showed, it was said today, that practically all of the 300 said more Americans killed in Mexico during the past few years by Mexicans were killed by American-made bullets.

ASK FRASER INQUIRY.

MEXICO CITY, March 3.—Full information regarding the raid of Mexicans on Montana camp near

El Paso, Ariz., on the afternoon of February 27, has been received by the Mexican Foreign Office.

Nothing official was given out yesterday regarding the incident, in which John A. and Alexander Fraser, brothers, were killed.

It was stated, however, that the United States troops had crossed the border in pursuit.

The only incident of American soldiers crossing into Sonora, occurred late last week when two Americans, who had crossed the border in pursuit of a band of

bandits, were fired upon by Mexican customs guards. The affray resulted

in the deaths of one Mexican guard and one American.

GARRISON OIL CAMPS.

TAMPIOCO, Feb. 24.—Garrisons of from fifty to 100 soldiers are to be established in all oil camps in this region, according to orders received here by Gen. Nemesio Lopez.

Hispano the activity of Federal soldiers has been limited to pursuit of rebel bands who have committed depredations.

MUST BEG FOR AIRPLANE.

DOUGLAS (Ariz.) March 3.—The State Department must present formal request to the Mexican government for the release of the airplane in which Lieut. Wolf and Lieut. Usher, army aviators, landed near Nacozari, February 2, before releasing the plane can be considered.

Mexican officials informed Nacozari authorities today.

AUGULAR RESIGNS.

EL PASO, March 3.—Candido Aguilar, son-in-law of President Carranza of Mexico, resigned his position as Governor of the State of Vera Cruz, February 27, according to a telegram received here today.

Mr. Aguilar announced he intended to take an active part in the coming Presidential campaign.

BELGIAN ENVOY ARRIVES.

MEXICO CITY, March 3.—The new Belgian Minister to Mexico, C. de Brouckere, arrived here yesterday after a long delay at Havana, where his wife was taken ill. The Foreign Office has announced the Honduran government has named Dr. Salvador Huetes as Minister to Mexico.

JENKINS BONDSMAN HELD?

NEW YORK, March 3.—John S. Hansen, believed by the "J. Salter Hansen" to be the "J. Salter Hansen" who furnished bail for William O. Jenkins, United States Consul Agent at Puebla, Mex., after the latter had been arrested by the Carranza authorities, was taken into custody at the Hotel Plaza here tonight on a bench warrant issued in 1919 in connection with an offense alleged to have been committed in the city.

DIEGUEZ ON MISSION.

NOGALES (Ariz.) March 3.—Gen. Manuel M. Dieguez, formerly commander of the military force in Northern Mexico, left here today for Hermosillo, Gen. Dieguez declined to comment on rumors that he was about to take over the military governorship of Sonora, but said that he was on a special mission for President Carranza.

MEXICO TRAFFIC NORMAL.

SAN FRANCISCO, March 3.—Normal traffic conditions on the National Railroads of Mexico have been restored between El Paso and Mexico City, and unlimited freight shipments will be accepted, eliminating the 600-mile detour via Laredo, Tex., that has been necessary heretofore.

According to an announcement here today by R. G. Campos, local agent for the line.

MEXICO TURNS DOWN PASSPORTS REQUESTS.

WASHINGTON, March 3.—Blunt rejection met the effort of the State Department to induce the Mexican government to permit Henry Forbes, an American citizen, to enter Mexico after testifying before the Senate subcommittee on Mexican conditions.

Answering a note presented by George T. Sumner, charge at the American Embassy, Hilario Medina, Subsecretary of Foreign Affairs, said that "in view of the antecedents" of Forbes, his entry could not be permitted.

Medina also charged that Forbes had conducted a propaganda campaign in Mexico among persons attending the sessions of the subcommittee.

The American request, according to official text, was "in view of the fact that American citizens could not refuse to testify before the subcommittee under severe penalties."

"In view of these extenuating circumstances," Mr. Sumner's note added, "and without denying the right of the Mexican government to refuse to admit to inadmissible aliens, the State Department believes that in these cases an exception might be made."

RESENT TESTIMONY.

The Mexican reply dealt only with the specific case of Forbes, whose home is at Matamoros, Mex., and who was refused passport visa by the Mexican Consul at Eagle Pass, Tex., when he sought to go home after having testified.

"Permit me to point out to your Excellency," the Mexican reply said, "the fact that Mr. Forbes, in testifying before the subcommittee of the U. S. Senate, stated that conditions prevailing at present in Mexico were chaotic, exhibiting evidence of his assertion that the President of the republic, on the occasion of his visit to Cuernavaca, had been escorted by 7000 soldiers."

Furthermore, the said Mr. Forbes expressed himself in harsh terms with regard to Article XXVII of the constitution, stating it simply:

Reliable Method of Hair Care.

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out the natural beauty of the hair, that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be used at trifling expense by simply dissolving a teaspoonful of canthox (which you can get at any drugstore), in a cup of hot water.

This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a fluffiness which makes it seem much heavier than it is. After canthox shampoo, arranging the hair is a pleasure.—Advertisement.

K. Shidehara, Tokyo's New Ambassador to the United States.

ROSS IS SUPPORTING RECLAMATION BILLS.

WASHINGTON, March 3.—D. W. Ross, formerly connected with large irrigation projects in California through his position with the reclamation service, appeared today before the Senate Committee on Banking and Currency in support of the Fletcher-Smith bill, which would place all future reclamation projects on an interest-paying basis.

Mr. Ross appeared at the request of the committee, today issued a statement in which he said that he was not in favor of the bill, but that he was in favor of the development of the water supply through irrigation.

While western States interested in irrigation will send their representatives to the committee, Mr. Ross said, he believed that the bill is expected that their strongest support will come from the nonirrigated States of the South.

Mr. Ross said that the bill, which would place the proposed legislation would effectively prevent exploitation and place the settler on the land under the most favorable conditions.

It was contended that bond issues authorized would not involve the government in bankruptcy, but under the present plan of more than 2,500,000 additional acres will be irrigated in the next twenty-five years. Reclamation is necessary, he added, as all free agricultural land has been appropriated.

COMMAND OF PACIFIC FLEET TO WILLIAMS.

VALLEJO, March 3.—Vice-Admiral Charles S. Williams left Mare Island yard today for San Diego to take over temporary command of the Pacific Fleet during the absence in Washington of Admiral Hugh Rodman, commander-in-chief.

Admiral Rodman, who is expected to appear before the Senate Naval Investigating Committee.

Admiral Hugh Rodman, commander of the Pacific Fleet, when seen yesterday at the Hotel Virginia, Long Beach, said that he was subject of the Sims investigation. He admitted, however, that he will leave the fleet, not only for their particular countries, but for the common good of humanity.

Let us have a firm confidence in each other—a rational and justified belief that we have to do neither with swindlers, nor with swindling speculators, but with people whom we can trust and believe in, as fellow workers in the great cause of making this globe a happier and lovelier place for the existence of mankind.

URGES UNIFORM LAWS OF CANADIAN DIVORCE.

TORONTO, March 3.—Establishment of divorce courts in the province of Ontario and enactment of uniform divorce laws over all the Dominion of Canada was today urged upon the Dominion government in resolutions adopted by the Ontario Bar Association, in session here.

All provinces in Canada have divorce courts, but the laws are so different that a man or woman who is divorced here, cannot get a new divorce elsewhere, and is thus forced to live in a state of limbo.

Bonquet for Sanitary Engineers.

CHICAGO, March 3.—The sanitary engineer is better fitted in the study of disease preventives than are graduates of medical colleges.

Dr. Victor E. Vaughan, dean of medicine in the University of Michigan, declared today before the congress on medical education.

JAPAN SCORNS CHINA'S PLEA.

Tokio Unswerving in Course Regarding Shantung.

New Envoy Here Sees No Difficulty with America.

His Country Knows its Responsibilities, He Says.

NEW YORK, March 3.—Japan's course regarding the Shantung question will be pursued "unswervingly," no matter what action China takes.

K. Shidehara, the new Japanese Ambassador to the United States, declared at a dinner given by the Japan society in his honor here tonight.

It was his first appearance before a large audience in this country since his arrival.

Asserting Shantung cannot be a source of difficulty between the United States and Japan, Mr. Shidehara said that "it remains for Chinese statesmen to decide" which of two courses "would better serve the interests of their country and the world."

"Two courses are open for China," he said, "the one is to effect an early settlement of the Shantung question or to leave the question unadjusted and pending for an indefinite time."

"In any case, Japan knows her responsibilities to China and to civilization. She will go forward unswervingly, along the pathway which she believes leads to international peace and stability. What difficulties she could there possibly be between the United States and Japan with respect to Chinese problems?"

What difficulties she could there possibly be between the United States and Japan with respect to Chinese problems?"

ORIENT AIMS RAME.

"It should be borne in mind that Japan has in China a special position not shared by the United States or by any of the European powers."

Mr. Shidehara said that "it remains for Chinese statesmen to decide" which of two courses "would better serve the interests of their country and the world."

"Two courses are open for China," he said, "the one is to effect an early settlement of the Shantung question or to leave the question unadjusted and pending for an indefinite time."

"In any case, Japan knows her responsibilities to China and to civilization. She will go forward unswervingly, along the pathway which she believes leads to international peace and stability. What difficulties she could there possibly be between the United States and Japan with respect to Chinese problems?"

TURKEY'S WINGS CLIPPED SHORT.

(Continued from First Page.)

report of the American mission sent by the American Mission to Maj. Gen. James G. Harbord.

Senator King's resolution recited that the "presence of the government of the Ottoman Empire at Constantinople has been a constant cause of disorder, massacre, oppression, poverty and pestilence among Christian peoples of Eastern Europe and Asia Minor," and that the Turks "are wholly disqualified to exercise authority over Christian peoples."

Senator Wadsworth said he had been shown the Harbord report at the State Department and that high officials, including the Secretary of State, had given their opinion that the Harbord report was not a reason why the report should not be sent to the Senate. That was seven weeks ago, the Senator said, but efforts to secure the President's consent since then had been unsuccessful.

"I am afraid," said Senator Wadsworth, "that this is another instance of the studied indifference of the President to a courteous request of the Senate."

"That is habitual," interjected Senator Lodge of Massachusetts, the Republican leader.

Senator Pinckney, Republican, Washington, told the Senate he understood the Harbord report was adverse to assumptions of American mandate over Turkey, and suggested that the President might be withholding it because of the effect it might have on ratification of the treaty.

"There is no occasion for any expression of surprise that information on foreign affairs requested by the Senate is not forthcoming," said Senator Lodge of Massachusetts, the Republican leader.

"Surprise would be occasioned if this administration had furnished information."

"Since 1912 it has been part and parcel of this administration to keep from the Senate information upon foreign affairs, that it is not only the Senate's right but it is a duty to secure, for study and consideration that may make its decisions considered."

FOUNDER OF "CAMERA" PASSES AWAY AT LAGUNA BEACH.

SANTA ANA, March 3.—Major movie picture folk of Los Angeles and Hollywood will be grieved to learn of the death of Elmer W. Robbins, aged 30, which occurred at Laguna Beach last night, following a two months' illness.

Robbins founded the publication "Camera," a two-year-old and conducted it until his recent illness.

For a time he was associated with the publicity department of the Griffith studio, featuring the Glash sisters. He was brought to Laguna Beach a month ago in an ambulance and sank steadily until his death.

Robbins at one time attended Pomona College, later was an itinerant photographer and for three years previous to moving to Los Angeles was in the newspaper business in Laguna Beach, Calif.

He leaves a wife and young son, Orrin Wesley. Funeral services will be held here Friday afternoon at 3 o'clock.

THE BRITISH CONSUL - GENERAL RAISES POINT RISING FROM HAWAIIAN SITUATION.

(BY CABLE AND ASSOCIATED PRESS.) HONOLULU (T. H.) March 3.—Acting Governor Iaukea was requested today by the British Consul-General here, William Royds, to state what steps the Territorial government will take regarding a resolution recently adopted by the Territorial American Legion convention opposing employment by business concerns of aliens who become permanent residents, but fail to become citizens.

The British Consul said he intended taking the question up with the British Embassy at Washington.

Acting Governor Iaukea announced he would write to J. K. Butler, commander of the American Legion here, cautioning the organization against discrimination and intimidation against alien residents, such as might cause international complications.

Commander Butler said the Legion will stand firmly behind the resolution adopted by the convention and to which the British representative objects.

PICKWICK STAGES TO
RUN TO OREGON LINE.

RAILROAD COMMISSION GRANTS
PERMIT NORTH OF SAN
FRANCISCO.

SA. FRANCISCO, March 3.—A
petition of the Shasta Auto Trans-
portation Company for a rehearing,
or its application for the right to op-
erate a stage line between Sacra-
mento and Redding and intermediate
points was dismissed by the State
Railroad Commission here today on
the ground that the present service
is adequate.

As part of the same proceeding,
the commission granted the Pick-
wick stages, northern division, a per-
mit to operate an automobile stage
line between San Francisco and the
California-Oregon State line north
of Colusa, Shasta county. It was stip-
ulated that the Pickwick stages are
not to carry local passengers be-
tween Oakland and Davis and may
carry them between Woodland and
the State line only when seats are
available. The Pickwick was held to
be a new service, intended pri-
marily for those who desire to travel
between San Francisco and Portland
by automobile.

All the applications were opposed
by the Southern Pacific and Sacra-
mento Northern Railroads and the
Western Motor Transport Company.

FARM BUREAUS
ARE FEDERATED.

Twenty-eight States in Na-
tional Organization.

President Says Farmer Gross-
ly Misrepresented.

Not 2 Per Cent. Favor Plumb
Plan, or Radicalism.

(BY A. P. NIGHT WIRE.)
CHICAGO, March 3.—The Ameri-
can Farm Bureau Federation was
organized today at a meeting of
representatives from twenty-eight
State farm bureaus. J. R. How-
ard of Clemons, Iowa, was elected
president, and J. W. Coverdale,
Ames, Iowa, secretary.

The objects of the Federation, it
was announced, are to correlate and
strengthen the individual State farm
bureaus and similar State organiza-
tions in a national body to promote,
protect and represent the business,
economic, social and educational
interests of the farmers of the na-
tion, and to develop agriculture.

The membership of the Federa-
tion was placed at 10,000. It was
announced \$200 had been received
as membership dues from the 64
States.

The federation was divided into
four groups, the northeast, center,
southern and far western.

Action was taken to establish a
general office in Washington and
another in the Middle West. In-
dianapolis and Chicago being among
the chief contenders for the latter.

Plans to secure legislation which
will simplify the machinery of
marketing and distribution between
the farmer and consumer were dis-
cussed.

AGAINST PLUMB PLAN.
"Therefore the farmer has been
misrepresented by all sorts of or-
ganizations and men who were not
real farmers," said Mr. Howard.
"They have been painted as radicals.
I do not believe, for instance, that
2 per cent. of the farmers of this
country are in favor of the Plumb
plan for control of railroads, which
they were represented as favoring
in the farmer-labor congress recent-
ly held here."

The purpose of the meeting is to
federate the county and State farm
bureaus, which are already func-
tioning in twenty-eight States, into
a solid, national body, according to
Mr. Howard.

"We are planning a system to
take a direct referendum on Great
Britain and published in Hearst pub-
lications, February 21 and 24.

Under the heading "How to
Hate Hearst," the editorial says:
"When a lying, treacherous
strife-breeder, one who has be-
trayed and befouled his own
household, and who has advertised
his anxiety to embroil nations
in enmity and strife, makes
a striking appearance on a de-
cent doorstep, seeking admission,
something is going to happen. The
healthy, human, home-loving
people will apply the law. He
will give the creature short
shrift. That is how Canada
ought to handle William R. Hearst,
and all his publications. That is
how Canada will handle him if
her representatives in Parlia-
ment put into action the over-
whelming sentiment of her peo-
ple."

"Hearst is a traitor to the
United States. He is the enemy
of the country that gave him
birth. He is the foe of the land
in which he lives. When Ameri-
can women and children are
being done to death on the high
seas he was plotting and in-
triguing with their murderers.
When American manhood was
shedding its blood on the fields
of France he was serving the

MOVE TO STOP SALE OF HEARST
PAPERS, CUT OFF SUPPLY OF
NEWSPRINT FAVORED IN CANADA.

(EXCLUSIVE DISPATCH.)
OTTAWA, March 3.—The Great War Veterans' Associa-
tion of St. John N. B., has adopted a resolution asking the mem-
bers "to refrain from purchasing Hearst publications and petition-
ing the government to forbid the sale of pulp or newsprint pro-
duced in Canada to these newspapers and magazines."

Veterans at Moncton, N. B., have petitioned the govern-
ment "to prohibit the sale, circulation and publication of the
Hearst newspapers in Canada."

"Canada's Parliament ought to
deal with Hearst and his publi-
cations at its present session. The
state cannot countenance or en-
courage an avowed and unscrupu-
lous enemy. It cannot make tor-
ture with a criminal. Hearst is delib-
erately inciting his dupes to declare
war upon our country and our flag.
We can hear his propaganda at the
border. That should be done at
once. Let Canada handle Hearst as
Theodore Roosevelt—that real red-
blooded American—urged all pa-
triot to deal with the traitor—
"hit him, hit him where it hurts,
and hit him hard."

The foregoing advice to Parlia-
ment appears in yesterday's Toron-
to Globe, which in a column edito-
rial very strongly attacks William R.
Hearst.

SOLDIERS' BONUS
ARGUMENT OVERWays and Means Committee
Members are Cautious.Service Men are Told of Im-
mense Debt from War.Ex-Soldiers Would Get Re-
venue from Big Incomes.

(BY A. P. MERRY WIRE.)

WASHINGTON, March 3.—Ad-
vance for financial relief for former
service men were countered today
before the House Ways and Means
Committee by statements that any
money grant, necessitating further
bond issues, would be an additional
burden on taxpayers.

Representative Hull, Democrat,
Tennessee, said \$300,000,000 in-
creased taxes must be raised to meet
present war expenditures, without
granting a cent to the service men.

"With a bonus we would be
forced to establish the most oppres-
sive system of taxes in the world,"
he added.

Members of Congress will not be
blacklisted if they oppose addi-
tional soldier legislation, Edward H.
Hale, of the Veterans of Foreign
Wars of the United States, told the
committee. A discharged officer
had written the committee that
"the attitude on soldier legislation
will be closely scrutinized and the
soldier vote will be mobilized before
the next election."

Representative Garner, Demo-
crat, said a bond issue in the im-
mediate future would decrease 10
per cent. the market value of present
government obligations.

"This alone would result in an
actual loss of \$2,000,000,000 in the
value of property held by millions
of people," he said.

Solution of the problem of rais-
ing the funds is for the ingenious
minds of the committee members.
Jack Singer of Jersey City.

"If financial aid is within the
power of your committee we want
you to do it, but if it is not, we
don't ask the impossible," Singer
commented.

FULL INVESTIGATION.
Views of ex-service men on pend-
ing soldier legislation will be heard
by the committee if it takes two
months, it was announced. This
decision was reached yesterday after
the first public hearing of the com-
mittee, during which charges were
made that the bills designed for the
relief of former service men had
been sent to the committee by the
pigeon-hole until after the Novem-
ber election.

Aid for every ex-service
man is being sought by American
Legion representatives, but they ob-
ject to the term of government
bonus.

Edward H. Hale, representing
Veterans of Foreign Wars, told the
committee that statements made
yesterday by Franklin D. Oiler, Com-
mander of the American Legion,
were "erroneous and should be con-
tradicted."

A storm of protest resulted, but
Chairman Fordney restored quiet by
warning that unless order could be
maintained "we will call these
hearings."

After five minutes of wrangling
among members, Chairman Fordney
ruled that witnesses should not
criticize other organizations.

Hale urged relief to discharged
service men at the rate of \$30 a
month instead of \$20, with an ad-
ditional grant of \$100 to those who
served overseas. He also favored
passage of the Morgan bill, which
would give service men the option
of selecting homesteads.

"How could the money be raised
for this bonus?" asked Representa-
tive Kitchen, Democrat, North Caro-
lina. "There is a public debt of
\$15,000,000,000."

TAX RIG INCOMES.
"Our plan," said Hale, "would be
to tax all incomes above \$50,000 at
the rate of 2 per cent, graduating
that until 7 per cent would be
charged on incomes above \$1,000,000.
This would provide \$250,000,000,
according to the internal revenue
bureau."

"Some of the alleged economies
practiced by this Congress are a
crime," the witness said. "It is
said 'lip appreciation and nothing
more' had been extended to dis-
charged soldiers."

Members of Congress received
back pay when they were dis-
charged from the army and re-
turned to the House, he said, adding
that others were equally as deserv-
ing as ex-soldier Congressmen.

Assertion by the witness that
many former service men were
without work brought from Repre-
sentative Green, Republican, Iowa,
the statement that many farms in
the Middle West could not be culti-
vated because of the shortage of
labor.

Hale replied that the most unem-
ployment would be found in cities.
The Veterans' association plan, he
added, would provide both financial
relief and provide for taking home-
steads.

Representative Hull, Democrat,
Tennessee, said granting a bonus
would impose severe burdens on the
average taxpayer of the country and
would increase living costs.

based upon value; and service that springs
from the desire and the ability to Serve,
make this Store one Worthy of your fullest
confidence.

—The policy of expansion which has char-
acterized The Mercantile Co., since its for-
mation over Fifteen Years Ago, makes neces-
sary the enlargement of the scope of its
activities. To this end, this campaign which
we are conducting for "The Greater Mer-
cantile Co." is being heralded far and wide.
And in the realization of our dreams for this
Great Business Institution, we are making
a host of new friends, who are learning for
the first time the meaning of "Mercantile
Service" and of "Mercantile Quality."

\$2.50 to \$4.00 Wool

CENTRALIA PLOT IS NOT PROVED.

Evidence for I.W.W. is not
Admitted to Record.

Business Men's Confessions
on Raid Plans Fail.

Counsel Cites Threats Prom-
inent Persons Made.

(BY A. F. NIGHT WIRE.)
MONTESANO (Wash.) March 3.—
Although testimony appertaining
to an alleged conspiracy on the part
of business interests of Centralia
to raid the I.W.W. hall was held to
be not admissible by Judge
Wilson, presiding at the trial of ten

alleged I.W.W.'s for the murder of
Warren O. Grimm, defense counsel
was permitted by the court to place
in the record its offer of evidence
to this effect.
After the entire morning had been
consumed by arguments on the ad-
missibility of the testimony, George
F. Vanderveer, defense attorney,
again called William Dunning, who
had been on the stand Tuesday, and
questioned him relative to an alleged
conversation he had had with
Grimm. Vanderveer then called
Elmer P. Kirkland, W. F. O'Day,
Royal Eubanks, J. F. Dixon and A. C. Hopkins, all of Cen-
tralia, and questioned them relative
to meetings held in the Elks' Club
in Centralia, October 20, 1919, at
which, it is alleged, plans to drive
the I.W.W. out of that city were
discussed.

BLOCK QUESTIONS.
Objection was made to every at-
tempt to question the witnesses
about what occurred at this meet-
ing and after Hopkins had been
cross-examined, particularly of the
for the record, to state what he
wished to prove by the testimony
of these witnesses. This was per-

PLAN NEXT RAIL PAY STEP TODAY

Unions Want Shop Workers
to Speak on Policy.

Leaders Say They will Have
to be Cautious.

Ready to Dicker and Bargain,
but not Surrender.

(BY A. F. NIGHT WIRE.)
WASHINGTON, March 3.—Rail-
road brotherhood leaders still in
Washington may meet informally
with officials of the roads preliminary
to the actual beginning of wage
negotiations. As a result of a sug-
gestion to this effect, the union
leaders took no action today toward
naming their representatives on the
bipartisan board provided for in the
transportation act and which they
were urged to do by President Wil-
son.

Director-General Hines had not
been advised of the selections of the
Association of Railway Executives,
to which the President sent a note,
but no long delay was anticipated.
MEET TODAY.
It was understood the union offi-
cials would meet tomorrow to dis-
cuss their next move. Some of
them felt, however, that they should
do nothing until their announced
policy has received the concurrence
or rejection of the Brotherhood of
Maintenance of Way Employees and
Shop Laborers, which was not a
party to the decision reached yester-
day.

While union leaders refused to
comment publicly on the situation,
it was said they anticipated delay
in the formal opening of the negotia-
tions. Determination of methods
of procedure is left to the confer-
ence itself and union officials were
said to feel that in agreeing on
these they would have to proceed
cautiously. They indicated they
were prepared to dicker and bar-
gain, but not to surrender any ad-
vantage, which may have been de-
rived through previous negotiations
with Mr. Hines.

EQUIPMENT PLANS.
Money market conditions have
not warranted carrying through the
National Equipment Corporation
plan for financing \$360,000,000
equipment for the railroads during
Federal control, Director-
General Hines said today. The
method to be followed, he said,
should be determined by the govern-
ment not to carry the indebtedness it-
self, but of necessity, be dependent
on market conditions.

The government purchased and
allotted to the roads 100,000 cars
and 125 locomotives. Some roads
settled for these in cash, but sev-
enty-four others gave the govern-
ment equipment trust obligations
payable in fifteen years and bearing
6 per cent. interest. These are in
such form, it was said, that the gov-
ernment, if desired, could carry out
the plan for a national equipment
corporation that would issue its own
bonds and sell the obligations of
the roads to repay the govern-
ment, or the government could sell
the railroad obligations direct, or
hold them at 6 per cent. interest
until paid.

SHE DARKENED
HER GRAY HAIR

Tells How She Did It With a Home-
Made Remedy.

Mrs. E. H. Rootz, a well-known res-
ident of Buchanan County, Ia., who
darkened her gray hair, made the fol-
lowing statement:
"Any lady or gentleman can dark-
en their gray or faded hair, and make
it soft and glossy with this simple
remedy, which they can mix at home.
To half a pint of water add 1 ounce
of bay rum, one small box of Barbo
Compound and 1-4 ounce of glycer-
ine. These ingredients can be pur-
chased at any drug store at very lit-
tle cost. Apply to the hair every
other day until the gray hair is dark-
ened sufficiently. It does not color
the scalp; is not greasy and does not
rub off. It will make a gray-haired
person look 10 to 20 years younger."

REPORT ENVER PASHA
IN BERLIN, PLOTTING.

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, March 3.—The Lon-
don Times Berlin correspondent has
received confirmation from an in-
dependent source of the presence in
Berlin of Enver Pasha, the former
Turkish War Minister and leader of
the Young Turks. He is credited
with a desire to enter into relations
with the Entente representatives.
There is no intention of a recipro-
cal desire on the Entente's side.
"It would be surprising," says the
correspondent, "if the Entente
showed a disposition to respond to
Enver's advances, seeing that he is
a figure in the extradition list pre-
sented to Germany."
"That Enver still is intriguing
admits of no doubt."

COUNTRY TO PAY FOR
SOLDIER DEAD RETURN.

(BY A. F. NIGHT WIRE.)
WASHINGTON, March 3.—As-
surance that the government will
pay all expenses incident to the re-
turn of American soldiers dead from
Europe was given by Secretary Ba-
ker today to a committee of Gold
Star Fathers. The War Risk Bu-
reau is authorized to pay funeral
expenses up to \$100 in each case.

Annual "Raw Fur" Sale Postponed.

NEW YORK, March 3.—The date
for the opening of the annual spring
sale of raw furs has been postponed
from April 12 to April 19, it was
announced tonight.

Colorado Live-stock Federation.
(BY A. F. NIGHT WIRE.)
DENVER, March 3.—Representa-
tives of twenty-seven co-operative
live-stock shipping associations of
Colorado, at the close of their three
days' course in stock judging here
today, laid plans for the formation
of a State federation, which would
be affiliated with the national or-

SPAIN BEGINS INQUIRY INTO PRICES OF SUGAR.

(BY CABLE AND ASSOCIATED PRESS.)
MADRID, March 3.—The govern-
ment has nominated a commission to
investigate the reasons for the recent
rapid increases in the prices of
sugar in Spain. The commissioners
have been given full powers to fix the
selling price of sugar throughout
Spain.

The shareholders of the Bank of
Spain at their annual meeting to-
day received a report showing that
the bank made a net profit of nearly
54,000,000 pesetas on a capital of
150,000,000 pesetas. The gross profit
was 52,000,000 pesetas.
The statement shows that the
bank's reserves in gold and silver
amount to 2,000,100,000 pesetas, and
that the total notes in circulation
were 3,000,800,000.

TO REOPEN CAPE COD CANAL.
(BY A. F. NIGHT WIRE.)
SANDWICH (Mass.) March 3.—
Capt. H. F. Colberth, general super-
intendent of the Cape Cod Canal,
announced tonight that the canal
would be reopened tomorrow morn-
ing. It has been closed to traffic
since the government relinquished
control last Sunday night. The
canal will be kept open, Capt. Col-
berth said, until the fleet of coal
barges waiting at the western en-
trance has passed through.

Living Room Furniture

Is Important in the Offering of Special Values
Now in Progress at Barker Bros.

Among the most notable values of the living room floor are
mahogany chairs and rockers which, at prevailing prices
would regularly range from \$20 to \$40—they are now offered
at \$18.

Mahogany davenport tables which would be priced regu-
larly at \$75, are now \$58.50.

George Washington table desks that are priced at \$260
ordinarily, are marked at \$195 for the period of the present
savings event.

A number of mahogany gate-leg tables are included in
the many special offerings of which the aforementioned are
only examples.

In fact, the special values of one whole floor of the living room sec-
tion represent savings of ten per cent. to forty per cent.

WHAT ARE THE "VITAMINS"?

A little attention to food values will add
to your health, happiness and working
efficiency. The outer coat of the whole wheat
contains a mysterious chemical substance
called "vitamine" which is essential to life and
health. When you eat Shredded Wheat Biscuit
you get all the vitamins, mineral salts and other
tissue-building material in the whole wheat
grain—all prepared in a digestible form. It
is the most real food for the least money.

DOCTORS FIND REMEDY FOR COLDS AND FLU

Calotabs, the New Nauseless Calomel Tablets, Cut Short Colds and May Prevent Flu by Keeping Liver Active.

Physicians have learned from experience, during the epidemic of influenza, that one of the most important factors in the prevention of colds and pneumonia is to keep the liver active so that the digestive organs may be in perfect working order and the system thereby enabled to throw off colds, chills, fevers, and resist serious complications. For this purpose they have found that the new nausealess calomel tablets called Calotabs are far more effective even than the old style calomel, which was formerly the universal favorite, as Calotabs do not weaken the patient, nor interfere with the appetite and digestion.

At the first sign of a cold or sore throat, doctors recommend one Calotab at bedtime with a swallow of water—that's all. No salt, no nausea, nor the slightest interference with your diet, pleasure or work. Next morning you wake up feeling fine, your liver is active, and your appetite is keen for a good breakfast.

For your protection Calotabs are sold in original sealed packages, price thirty-five cents. All druggists recommend and guarantee Calotabs. Your money back if you are not delighted with them.—(Advertisement.)

Man Has Miraculous Escape

"I was told by my family physician that I could not live without an operation, as my liver and gall sack were in such a condition. I set the day to go to the hospital, but then I saw the advertisement of Magy's Wonderful Remedy. Since taking it I am feeling like a two-year-oldling. I am sure I never could have survived an operation." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation, which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—(Advertisement.)

LAST SERMON PREACHED BY NOTED CHURCHMAN

Archdeacon O. Fortin, who has been assisting Dean MacCormack in conducting the Lenten services at St. Paul's Pro-Cathedral, preached his farewell sermon, last night, within a few days will return to his home in Winnipeg.

Archdeacon Fortin is one of the most interesting figures in Canadian ecclesiastical life, having been a member of Holy Trinity Parish in Winnipeg for forty-two years. Mr. Fortin paid a high tribute to the Lenten season, declaring it to be the best time in the year for spiritual growth and the moral tone of the nation.

OLD CLOTHES CAN'T WIN 'EM.

Women Told Aliens Need Higher Appeal.

Organization Meetings at Inglewood Meeting.

Land for Noncitizens Urged by Professor.

BY MYRA NYE.

"You can never Americanize the alien in your midst by giving him old clothes, nor on the mere plane of a better plane. You can only do this by giving him a higher nature, the love of justice and patriotism, which is wonderful in your United States. Make a neighbor of the alien who desires to be a citizen. Do not reach down to him." Miss Florence Ackerman, a native of Slovakia, a teacher in the public schools of Los Angeles, in her address on the subject of "The Alien Problem," which was the theme of the day, said that the alien is not a problem, but a fact. She urged that the alien be given the same rights and opportunities as the native-born citizen.

MUSIC MAKES CITIZENS.

At the same hour, at a music conference, Broome O. Cable as speaker. Mrs. Cable said that "instead of the old cry, 'America for Americans,' we must have 'America for all.'"

ENGAGEMENT IS ANNOUNCED.

Soon will Wed Clyde Stair Payne, Jr.

Miss Florence Ackerman.

Whose coming marriage was announced at a luncheon given by Miss Olga Simpson yesterday at the California Club. The photo is by Witzel for the National Illustrated News.

At the noon hour the conference of the district constitution, providing an increase in dues and a more workable and more easily called executive board, passed with no opposition.

In his address on "The Present Outlook in Agriculture," Prof. J. D. Corcoran made a strong plea for "back to the land" and also stressed the note in harmony with Americanization.

"I wouldn't let any foreigner, no matter what nationality, get hold of any land in California unless he first became a citizen," he said. "It takes more technical knowledge to know how to plant a poultry farm in California than it does to be a doctor. Eggs last year were of more value than all the output of gold, iron and silver mines in the United States, but last year at the State agricultural college, only two graduates to each member of the faculty."

Last night the addresses were by Miss Florence Ackerman, president of the Los Angeles County Federation of Business and Professional Women's Clubs, and Miss Gertrude Brainerd, teacher at Manual Arts High School, and president of the Woman's Time-to-time Club, a teachers' organization of Southern California.

This morning the programme, and my Allum 2-compartment Fireless Cooker. And I must tell you about these others.

ELECTRICAL SERVANTS.

When I returned to Foulkes Electric Shop, at Sixth and Figueroa, several weeks after I had received my Ironing Machine, I had a long talk with them and told them all my troubles. As a result of their advice, I ordered the electric dishwasher, the vacuum cleaner and the electric fireless cooker.

No woman who is doing without these wonderful articles can possibly appreciate what it means in the savings of her own time and labor. It's simply wonderful! My troubles are all over, and I hope that every woman who reads this will do so.

After lunch, I put the dishes in the washing machine and let them stand. Then I added the dinner dishes at night, and after breakfast in the morning I wash and dry the entire lot in only fifteen minutes. So I have the whole evening with my husband and without a lot of kitchen work.

SOCIETY.

BY VIRGINIA WOODS.

Two Interesting Engagements. Society has two delightful surprises in store today in the announcement of the engagement of Miss Florence Ackerman to Mr. Clyde Stair Payne, Jr., of San Francisco, and that of Miss Marguerite Orena and Mr. Frank Casey, both of this city.

It was at a smart luncheon at the California Club yesterday, with which Miss Olga Simpson entertained for Miss Margaret Mortenson (daughter of Mr. Ernest Crawford May of Pasadena) that the announcement was made of Miss Ackerman's engagement to Mr. Payne and it was a surprise to everyone but the hostess. The news was told on cards tied to little French band boxes that held individual bouquets of carnations. The table was adorned with masses of spring blooms in pastel shades and places indicated for eighteen guests.

Miss Ackerman is the daughter of J. H. Ackerman of San Francisco and Los Angeles and is a sister of Mr. Lloyd Ackerman, a prominent attorney of the Bay City. Mr. Payne is the son of Dr. and Mrs. C. S. Payne, who have a large country estate at Belvedere, just outside of San Francisco. Mr. Payne is a graduate of the University of Pennsylvania and belongs to the Phi Gamma Delta Fraternity. He was an ensign in the navy during the war and served eight months in foreign waters. Because of the illness of Miss Ackerman's father, who is in San Francisco, no date has been set for the marriage, but it is expected to take place in the autumn. Miss Ackerman is a graduate of Miss Harker's School in Palo Alto and she is one of the directors of the society clubs here and in the Bay City.

Orena-Casey Engagement.

The news of Miss Marguerite Orena's engagement to Mr. Frank Casey was told at a luncheon on Tuesday at which Miss Cecile Morcaughlin entertained a company of fourteen in honor of Miss Josephine Ross of Santa Barbara, a house guest of Miss Orena's.

Miss Orena is a daughter of Mr. and Mrs. Darjo Orena of Lake street, Los Angeles, and Santa Barbara, and is a graduate of the University of California. Mr. Casey graduated from Santa Clara University and is a son of Mr. and Mrs. Edward Casey of Gramercy place. The wedding will take place in June. Miss Orena is a member of one of the old Spanish families of Southern California, her father owning the famous estate, La Lomita, Los Alamitos, at Santa Barbara. Her brother, Alvin, is a member of the same family.

By Miss Bottler. Miss Cecelia Bottler was a charming hostess yesterday, entertaining at a tea in honor of Miss Josephine Ross of Santa Barbara and for Mrs. Mary Banning Norris, a bride. Miss Bottler's sister, Mrs. Angus Lindley, presided.

By Mr. and Mrs. Thompson. Mr. and Mrs. William K. Thompson of 827 Green street, are to entertain for a number of guests in compliment to Mr. Gustavus Kirby of New York, a guest of Mrs. Mary Banning Norris. Plates are to be set for Mrs. Kirby and her party.

By Mrs. Kirby. Mrs. Gustavus Kirby of New York, who with Countess Jeanne de Salverte of Paris has been entertained every day since her arrival as a guest of Mrs. Mary Banning Norris, is to be a dinner hostess tomorrow evening, planning the affair in honor of Mrs. Norris, who will be at the dinner. The party will be at the home of Mrs. Kirby in Santa Barbara.

To Come from New York. Friends of Mrs. Eric Fisher Wood (Baroness Vera de Ropp) will be delighted to learn that she is coming on from New York with her small son, Eric Fisher Wood, Jr., next month, and will be with her parents, Baron and Baroness Alfred de Ropp for a month. Mrs. Harold de Ropp (Margaret Trimble) is here with her parents-in-law, but will return to her home in Trona on Sunday. She was looking particularly smart in Mrs. Albert Sherman Hoyt's musicale on Tuesday morning.

By Mrs. Mel. Mrs. John Mel of West Adams Gardens in having a company in for tea this afternoon in honor of Mrs. Harry Twilman of Monterey, who is leaving shortly for New York to meet Mr. Twilman.

By Mrs. Laird. Mrs. R. A. Laird of 1834 Canyon drive, Hollywood, is entertaining at tea this afternoon for a number of visitors from Flint, Mich. The house is adorned with baskets of roses, frezias and daisies.

Mrs. Henshaw. Mrs. Tyler Tubbs Henshaw is leaving next week for Santa Barbara to visit Mrs. Vincennes de Salguero de Fenelon of Chaumont, France, who with her son, Jean de Salguero de Fenelon and Mrs. Walter Farwell, are at the Hotel Ambassador in Santa Barbara for the winter. Mrs. Henshaw knew them all in France when she was there doing war work. The Vincennes's handsome chateau was near Chaumont which was the American headquarters and she gave it for the care of wounded American aviators. Mrs. Farwell is an American woman who had a canteen over there. Mrs. Henshaw will be with them a week. They visited her here a day before going north.

For St. Louis Visitor. Mrs. Theodore Plummer of 4817 Elmwood street is entertaining at tea this afternoon in compliment to her daughter, Mrs. Firmin Vincent Desloge of St. Louis. There are to be sixty guests.

For Visitors. Mr. and Mrs. Carter H. Harrison of Chicago are to be honor guests at a dinner party that Mrs. Charles W. Hinchcliffe of 820 Westlake avenue is to give on Saturday evening. There will be ten guests.

bound to end speedily.

As far as the public is concerned, any form of ratification which safeguards the Monroe Doctrine, does not deprive Congress the sole privilege of declaring war and does not permit European interference in our internal affairs is vastly preferable to the continuation of this wasteful uncertainty.

As Broadway uncongests there will be congestion somewhere else. If motorists may not park anywhere in the business district they will be eagerly urged to try it in other sections—outside and beyond. Pasadena and Hollywood are warmly encouraging the tourist and the shopper to come into their territories and find a welcome and unlimited parking facilities.

Business will go with this privilege, and as the heart of the city is drained congestion will break out in other spots and there

THE CLERGY'S PROBLEM.
The problem of the clergy is that of all liberals today—to discover foundations upon which to build up the progress of the present. And one of the solidest of these is the tradition of the church as a house of worship and of spiritual refreshment. MARY PICKFORD

GIVEN DIVORCE.

(Continued from First Page.)

They did not tell me where they

were going or why."

Told that intimate friends of

Mary Pickford showed no surprise

over the rumors, and in some in-

stances affirmed them. "Mind Pick-

ford's sister replied that her sister

has only a few confidants here.

"Why don't you wait and ask her

when she gets home?" she suggest-

ed. "It will be only fair to get that

first hand."

Mary Pickford, according to Miss

Lottie Pickford, will be home from

Nevada Saturday or the middle of

the next week. "There are many

things requiring her attention here

and I feel certain that she will be

back soon."

"I do not know anything about

this, and I'm inclined to think that

Mr. Fairbanks does not, either,"

said John Fairbanks, "He and his

company are in Arizona, nearly 100

miles from a railroad or telegraph

office, and I doubt if he even now

knows that Miss Pickford has been

granted a divorce. I know of no

way of reaching him for several

days."

TAKEN BY SURPRISE.

Asked about the truth of the rum-

or that the divorce was to be fol-

lowed by a wedding, Mr. Fairbanks

said he did not think there was any

foundation for the statement. "No

one but my brother can speak for

him in this matter, but I don't think

there's anything to it," he said.

With the exception of the few who

claim to be close friends of the two

stars, and the persons who came in

contact with them in business way,

people in motion picture circles here

were taken by surprise by the As-

sociated Press announcement yester-

day that Miss Pickford was granted

a divorce in the Nevada court. Se-

veral of the most rigid and sur-

rounded Miss Pickford's departure

from Los Angeles, and practically

everyone in close touch with her was

kept in ignorance of her real des-

tination when she left the city, osten-

sensibly for the East.

Accompanied by her mother she

appeared in the small courtroom of

Minden, a town near Carson City,

Nevada, and was granted a divorce

by Judge Langan. The name of Gladys

Disinfection Reduces Sick Lists

If you accept the fact that much of the sickness in your home or office is caused primarily by a lack of proper disinfection, you can quickly estimate whether an abnormal sick list or sensible precautions against it, will prove the cheaper.

Estimate the time lost in your business through sickness; approximate the lowered efficiency, the slowed-up production, the general unprofitableness of a sick list, and compare it with the cost of Lysol Disinfectant.

There is but one answer. Use

Lysol Disinfectant

Order Lysol Disinfectant used in the water with which floors, window-sills, or any dust-covered surface is cleaned.

Have a solution of Lysol Disinfectant put in cuspidors, toilet-rooms, and in all dark corners. Use Lysol Disinfectant at home, too.

Lysol Disinfectant, at the moment of application, kills all germ life, or prevents its creation.

A 50c bottle makes five gallons of powerful disinfectant; a 25c bottle makes two gallons.

Remember, there is but one genuine Lysol Disinfectant—made, bottled, signed and sealed by Lohs & Fink, Inc.

GUEST OF ONTARIO HOTEL SUFFERS FROM CONTAGIOUS DISEASE.

[LOCAL CORRESPONDENCE.]
ONTARIO, March 3.—To learn that A. T. Galloway, Blythe rancher with whom he had shared his bed last night, was suffering from a bad case of smallpox, was the disquieting discovery this morning of Jesse Smith, and more than twenty-five guests at the Commercial Hotel, 139 North Euclid avenue, where he lives, were forced to submit to vaccination before they were allowed to leave the place.

When Galloway was informed at the hotel desk, shortly after his arrival on a late train, that all rooms were taken, Smith, who chanced to be in the lobby at the time, offered to share his bed for one night. When Smith awoke this morning he discovered that his bed fellow had broken out with a fine rash during the night. After a view in the mirror, Galloway dressed hastily and sought Dr. C. L. Emmons, who pronounced his case smallpox.

The rancher was hurried to a barn in the rear of the Emmons home at 203 West F street, and there

Release Army Officer from Crown City Jail.

[LOCAL CORRESPONDENCE.]

PASADENA, March 3.—Walter Grider, 23, a member of the Pasadena fire department, and his brother Roy Grider, 19, were arrested early this morning for turning in false fire alarms. They are now held at the Pasadena Jail, having confessed, and are to appear in police court on Saturday morning for sentence. The police believe the men are guilty of robbing the Hurlburt-avenue fire engine house, while the firemen were answering the false alarms, which were turned in from the watches of William Vinal, E. C. Mowatt and O. E. Wickham, members of the department were stolen, but have not been recovered. Several hundreds of dollars that the firemen have collected for a benefit to be given, was what the burglars were after, according to the police. The money was not found, however, having been hidden by the firemen. Grider has been a member of the fire department since July 15, 1919, and was a hoseman at the Oak Knoll avenue house.

[EXCLUSIVE DISPATCH.]

SAN DIEGO, March 3.—Joseph Peak, an internal revenue officer, who attempted to take his life in a local hotel by taking an overdose of heroin and cocaine is held here in the City Jail for authorities in Los Angeles.

SHOOT HIS DAUGHTER.

Miss Dorothy Brown, a 17-year-old girl living at 140 South Hermosa street, Sierra Madre, was shot and seriously wounded today by her father, Charles Brown, who endeavored to prevent him from shooting himself. After shooting the girl, Brown went into an adjoining room and shot himself through the head, dying instantly. Brown's suicide was due to worry over financial troubles. He announced to his wife and daughter this morning at breakfast his intention of taking his life and drew a revolver. Mrs. Brown and the girl succeeded in disarming him and laid the revolver on the table. Suddenly Brown grabbed the gun and in the struggle which followed a shot was fired, the bullet passing through the girl's left hand and into her side, lodging just below the heart. Brown rushed into a bedroom and shot himself through the brain, death being instantaneous. Mrs. Brown rushed to the home of Mr. and Mrs. J. D. Macfarlane, near by, for help. Dr. F. T. Miller was summoned and the wounded girl taken to the Pasadena hospital, where it was stated that although serious, her wound is not fatal and her recovery seems assured. The wounded girl is a member of the sophomore class at Pasadena High School, having transferred the first of the term from the Los Angeles High School. Brown was formerly in the ice cream manufacturing business in Los Angeles and was 45 years of age. His body is at the parlors of Allen T. Gay in Sierra Madre.

AVIATOR IS RELEASED.

Asa G. Sawyer, former army officer, who served overseas as an aviator and was wounded in action, was released today from the Pasadena Jail, where he has been held since last Saturday on a charge of passing fraudulent checks against the Central Savings Bank of Pasadena. The former army officer is in ill health and has been befriended

ASK ADMIRAL TO HEAD BIG COMPANY--OTHER WATER FRONT NEWS.

[LOCAL CORRESPONDENCE.]

LOS ANGELES HARBOR, March 3.—Plans are actively under way here for the erection of a \$250,000 hotel by a corporation, which is now in the process of formation by a large party of local capitalists and business men. The company will incorporate under the title "San Pedro Hotel Company."

A meeting was held last night at which it was decided to ask Admiral Hugh Rodman to head the company and it was also suggested that the hotel be named the Rodman. From \$100,000 to \$150,000 of the capital stock will be sold and the property will be bonded for the balance.

STUDENTS ARE TRANSFERRED.

Students at Huntington Hall for Girls, South Pasadena, have been transferred to the Orton School for Girls, Pasadena, as a result of the tragedy of the principal, Miss Florence Howell, lost her life. Rumors are unconfirmed to the report that the school is to be transformed into a hotel.

Foothillers Swat Coach Kouzen's Athletes.

DEMPSEY TO BOX AT DOYLE'S ARENA.

Jack Dempsey, world's heavyweight champion, is to box with Terry Kellar at Jack Doyle's athletic entertainment tomorrow night. According to Manager Kearns, this fellow Kellar has fought a twenty-one-round draw with Dempsey; has fought Fulton and Coffey and holds a decision over Joe Beckett, English champion. Benny Leonard will also box on the same night.

Winners Grab off Seven Firsts in Field Meet.

Haralson a Life Saver for the Under Dog.

Hollywood High School hung the crepe on the University of California (southern branch) track team on the foothill field yesterday afternoon. The score was 48 to 45.

Coach Johnson's troupe grabbed off seven first places and a tie for another; the Bear Cubs annexed four firsts and a tie and topped the 1500-yard relay race.

But for the herculean efforts of Haralson of the U. of C., his mates would have fared much worse. This husky chap entered about all the events on the programme, and came off with two firsts, tie for a first, a second and one third, besides running a lap in the relay. Altogether he accumulated 18 1-4 points during the course of the afternoon's pastime.

NECK AND NECK.

The best race of the day was the 220-yard low hurdles in which Haralson and Gowman, the latter of Hollywood, streaked down the lanes neck and neck. They cleared each hurdle as one man, Haralson barely gaining the decision at the tape. The time was 27 3-8ths, remarkably good for a curved track.

Thornton of Hollywood won both of the shorter sprints, the century in 19 1-8ths, and 120 in 23 3-8ths.

Running easily Bullard of Hollywood won the mile in 4m. 55s. from the team mates, Von Herzen and Walton.

THE SUMMARY.

The 220-yard low hurdles—Haralson (U. of C.) first; Von Herzen (Hollywood) second; Walton (Hollywood) third.

The 100-yard dash—Thornton (Hollywood) first; Bullard (Hollywood) second; Von Herzen (Hollywood) third.

LEFTY WILLIAMS SIGNS CONTRACT.

CHICAGO, March 3.—The signed contract of Claude "Lefty" Williams, southpaw pitcher of the Chicago American League, was received today, according to an announcement by Secretary Grabinger.

WHEELER DELL BACK IN FOLD.

(Continued from First Page.)

Wheeler needs the money, and the bugs will be glad to see him get it, especially when he lost out on last season's collection. When Wheeler made this three-bagger, a couple of strange guys called on the audience for a free-will offering, and passed the hat. Then they faded out, and Wheeler was no richer than before.

Middle High joined the ranks, and was in uniform half an hour after arriving from St. Looney. The premises permitted of infield practice, and the team was back with Borton at first base, Fisher at second, Hap Morse at third, and Johnny Mitchell at short. Morse, who comes from the Saginaw club, gave an excellent account of himself around the complex corner. He looks fast, and experts opined that he had a good stance at the plate. He brought his own stance with him.

BILL EXALTED.

Emick was visibly excited by the showing of Lanfranco, Kessler, Mann and Hill, his untried pitching recruits from the sandlots. All of them seemed filled with hope and promise, and proved themselves ambitious by putting a lot of stuff on the pill. Kessler, who did the stunts, business and wound up with a sore wing, "Shine" Scott exercised all his skill in rectifying the damage.

High and Chachours were on their bests in left and center, while Stumpy Edington cruised around in right field trying to find out whether any new air pockets had formed during the winter. He failed to locate any except the two air pockets in his pants which will remain a perfect vacuum until the first pay day.

DE AT PLATE.

Al DeVosman presided behind the plate in his usual robust manner. "Bluejay" Brooks has not yet assembled, but is expected to at any moment now.

"When Ah gets up in de mornin' an' bites off a handful of dat Kentuck hay, Ah ain't gwine to need no breakfast," soliloquized "Shine" Scott as he contemplated the feast.

Over in Pasadena, where the Chicago Cubs are in the city, "Shine" Scott was not a critic of the women.

Two players, who have been regarding their contracts with icy gaze, thawed out and signed up. These were Charley Deal, third baseman, and Newlin, pitcher.

"Speed" Martin, pitcher, and Outfielder Dave Robertson are due to arrive today, and will round out the Cub squad with the exception of over 100 fans. The Trojans thought so well of him they hired him on the spot to train their noble athletes. Occident has been offered first crack at Cutler, but not having any money in the treasury the Trojans did without his services.

Joe Wilhoit, who is smugly the first man to introduce the present style of vaulting in the south. He came from St. Vincent's and was picked up by Johnny McGraw of the Giants. He played with Vernon part of one season, "Hap" Hogan sending him to the Northwestern circuit, where he showed as much class that he went up the next year to the majors.

It was during a conference meet on Boyard Field along about 1907 that Wilhoit shattered the southern record by vaulting over 11 ft., defeating Comstock of U.S.C. and Bruce Merrill of Occident, until then the class of the vaulters. The judges measured the bar in the middle after Wilhoit's leap, and found it to be 10 ft. 9 1/2 in., but it was a great record at the time, nevertheless.

Wilhoit blazed the trail for such men as Charley Richardson of U.S.C. who met a watery grave at the Huene coast a few years ago; Grant Richardson, Charlie's cousin, and Charlie Robertson of more recent fame at U.S.C.

Strangely enough, U.S.C. has harbored practically all the vaulters of note in recent years since the days of Wilhoit.

RAISE SELLING PRICE ON ALL FORD CARS.

(BY A. P. NIGHT WIRE.)

DETROIT, March 3.—A boost of \$50 in the selling price of all Ford cars was announced by the Ford Motor Company today. The increased price, which includes all models, from roadster to sedan, will take effect immediately. It is understood. No reason was assigned for the increase by the company, but it is generally regarded that increased wages and the mounting costs of materials that go into the car are responsible.

SCHANG IS TO QUIT BOSTONS.

Red Sox Catcher Believes He has had Enough.

Loss Would be Staggering Blow to Hubbies.

Vitt has also Failed to Show up with Team.

(EXCLUSIVE DISPATCH.)

HOT SPRINGS (Ark.) March 3.—Wallie Schang dropped a bombshell into the Red Sox camp yesterday in the form of a letter which stated that his automobile and airplane business was going so well that he did not believe he would get into the team this season. The star catcher's contract has three more seasons to run. His letter came on his own business stationery.

This is not the only matter that is giving the Red Sox management deep worry on the eve of the team's early training trip. Oscar Vitt, another "necessity," has not yet signed up; neither has Harry Hooper. Capt. Hooper has not appeared as yet and Joe Bush, pitcher, has discovered his arm is not as it should be and he has been unable to touch a baseball for a week at least. The loss of Schang would be a staggering blow. Vitt has been sent a contract with a good increase, but nothing has been heard from him.

NEED BIG FUND FOR ATHLETES.

(Continued from First Page.)

If the money is not raised in that manner, either our worthy athletes don't go, or obedient sportsmen will have to dig down into their pockets to foot the bill.

Naturally when a man becomes the money "daddy" of such a project he reserves the right to do a little "picking" of it. It is just this that the local organization wants to get away from, and in fact it is the key-note of all the Olympic games that have been appointed in various parts of the country.

Chinning with Dean Cromwell, track trainer of the University of Southern California, recently talked over the matter with him. He turned the matter over to pole vaulters in the part of the State below Tehachapi's belt.

It wasn't more than twelve years ago that a left vault was considered in the light of something extraordinary in this neck of the woods.

Cromwell, himself, was something of a vaulter in his day, and Dean felt it the end of a perfect day when he cleared a matter of 5 ft., 6 in.

Old style vaulting was in vogue then, viz., the lower hand was not slipped, but the vaulter would direct pull on the pole. Instead, the hands were kept far apart, the arms being pushed down rather than pulled up on the hickory.

Ten feet with that mode of vaulting was just about the limit. However, what nameless Willie Cutler, who afterward played with the Sacramento baseball team, startled the natives in these parts by soaring over 10 ft. The Trojans thought so well of him they hired him on the spot to train their noble athletes. Occident has been offered first crack at Cutler, but not having any money in the treasury the Trojans did without his services.

Joe Wilhoit, who is smugly the first man to introduce the present style of vaulting in the south. He came from St. Vincent's and was picked up by Johnny McGraw of the Giants. He played with Vernon part of one season, "Hap" Hogan sending him to the Northwestern circuit, where he showed as much class that he went up the next year to the majors.

THE NEW. Uxoricide Kills Himself.

IN STORES AND HOMES.
NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS.

By Olive Gray.

Up-to-date:
The overblown of faintly flowered design on Georgette crepe, the flowers brought out across the breast and down the front, by applying beads of a different hue than the printed color of the flowers. The same shade in beads may form tassels for the girdle, and possibly, may tip the elbow sleeves.

Plaids for use in making the semi-dressy blouse, or the panel front and back of the blouse, with plain material used for sleeves and underarms. Silk—and sometimes wool—this plaid should be.

The summer cottons, in lovely colorings, in chaste designs and to be used for simple, effective frocks for sport wear and for the porch at home. The higher class cottons are in price, the more lovely do we pronounce them, it seems.

Thomas Edward McCann, aged 32, admitted killing his wife, Mrs. Mary A. McCann, on January 12, by cutting her throat with a razor, took his case in his own hands yesterday and ended his life by swallowing veronal.

McCann had been held to answer on a charge of murder by Justice Palmer and his trial was soon to be held in Superior Court. He was addicted to the use of the drug, according to guards in the jail, and yesterday swallowed a handful of the poison tablets. He was taken hurriedly to the County Hospital and given emergency treatment, but was unconscious from the time he arrived at the institution until he died.

McCann, in a written confession, said that he and his wife had quarreled repeatedly until she told him to leave the house on January 12 when he was shaving. He grasped her, cut her throat, covered the body and finished shaving, according to the confession. His wife left an estate of \$3000, bequeathing \$500 to the man who killed her.

RIDER APPOINTED.

Baptists Names Angelino as General Representative on Coast.

The post of general representative for the Pacific Coast States of the general promotion board has been bestowed upon Dr. Arthur W. Rider by the northern Baptist convention board of New York. For a number of years Dr. Rider, who was active in Los Angeles and California as secretary of the American Baptist Home Mission Society. He will make Los Angeles his headquarters.

Dr. Rider will be succeeded in his secretarial work in Los Angeles by Dr. Frederick G. Davies, who was recently appointed State promotion director for Southern California for the hundred million dollar Baptist fund.

Inaugurating.
Inaugurating a new section of their brilliant career, that so popular of their friends, is not only gaily decorated, but makes offerings which will beget the purses of its patrons with appreciable savings. Not an habitual "sales" store, a sale here is really and truly one. Inauguration Month, which begins, just as does our national inauguration, on March fourth—is a month to be remembered.

Painting in Beads.
Like paintings created by means of beads, and again like paintings grown soft and poetical when veiled by time, these antique bead bags, collected in foreign lands for the house displaying them would create a furor if in a gallery of art. And yet—step inside a door while passing along Broadway to view their loveliness. To purchase them—well, one must have a price; but what is money compared with beauty when the latter is also the very essence of creative art?

A Novelty.
"Olive, you must turn around—this way—to the right—and see that wonderful handbag!" said one of the girls, under her breath, when the other day at the Tia Juana races—ah! she had espied a very novelty. And it was worth turning to see—turning several times, in fact. First glimpse, I thought it a bouquet—as in fact it was—a nosegay of brilliant worsted flowers, upon upright stems; but it was something more. For, when the lady carrying it wished to find her purse—possibly to place a few dollars on a favorite—she turned the bouquet upside down, the fringed bouquet-holder being of silk, gathered to form a "handle," and twisting a drawstring, she brought forth from her convenient and lovely handbag the wanted purse! Ingenious, indeed, and very "different." Ere long, all eyes were fastened upon the posy-bag.

Renewing.
"This bright weather, the air cleansed by rain and enlivened by brilliant sunshine, makes me feel like beginning everything all over again!" exclaimed Evelyn, "I'm going to buy new cretonne for my bedroom windows and chairs, and bed-bedecking; and I shall plant new shrubs and flowers in the garden; and get myself some new clothes, and buy summer dresses for the boys—all this very week!" she declared. And truly, I think everyone feels like starting something, when the sun comes out after a refreshing rain and we realize anew the loveliness of California. I wish, by the way, we had a real pet name for Southern California—something original and different from that applied to any other land!

During Fashion's Bud Time.
Serge and taffeta frocks have deep organdie chemisettes. Kimono style is urged for the simple frock of wash goods. The charm of lavender on the right woman is always great. The gray or beaver glove with the strap wrist is very smart. Large white frills adorn neck and sleeves of a charming dress. The pointed drapery is a favored feature of new tricotette frocks. For children are charming, little frocks of dotted swiss in colors. Hats of grosgrain ribbon match the silk sweaters they are worn with.

A great many of the new wool materials are in plaids and checks. The new coat for spring has a partially fitted waistline and a strap belt. A Paris cable announces long lines, tailored suits and straight skirts. The Zouave jacket adaptations are seen in many dresses for debutantes. Hand-woven crash in the natural color is lovely for sports costumes. Linen hats of every variety, massed with large flowers, are being featured. Dark green and white is one of the prettiest color combinations in gingham. A popular form of the afternoon frock has a long waist and a draped skirt. The minnie hat should be worn with the gown that suggests a Dresden shepherdess. Every fashionable costume for this year must have somewhere a touch of vivid color. The white blouse should be charming in simplicity. Ostrich plumes hold their own in the spring millinery.

FIND MUCH LIQUOR?
"Dry" Raiders Also Nab Four in So-Called Blind Pig.

Los Angeles bling pig wrecking crew, under command of Arthur O. Kriele, raided the premises of Tony Bellevitch, 727 New High street, yesterday, and captured his wife, Marie Bellevitch, Alvarado Nunes, Edward Avila, and Chavez Octobina. They were all lodged in the City Jail.

On the premises, according to the "dry" raiders, were found 150 barrels of claret, five barrels of mixed brandy and a number of liquor containers. It is the largest capture by the prohibition squad since the enforcement of the amendment. The arrested four were held in \$1000 bond each by U. S. Commissioner Long.

The attention of the Federal officers was attracted to the place, it is stated, by the number of Mexicans who were continually entering the place and coming out in an intoxicated condition.

DRUGGISTS SHY OF RUM TRADE.

Only Seven in Los Angeles, None in Many Places Vending Whisky.

Deputy Federal Prohibition Director Considine stated yesterday that there are but seven druggists in Los Angeles who have taken out permits to fill prescriptions calling for whisky. There is not a single one in San Diego, none in Pasadena, Long Beach or Hollywood, and none in a dozen other surrounding towns, he said.

There is a disposition on the part of the druggists to have nothing to do with the prescription whisky trade. Mr. Considine stated, although a few dealers are filling prescriptions at the rate of \$4 a pint, with whisky that costs them but \$15 a gallon.

INFLUENZA SITUATION.

There were 84 new cases of influenza and six deaths reported to the health department yesterday. Ninety-seven cases numbered thirteen; deaths, six.

BUILDING INSPECTOR FORCE IS SWAMPED.

CHIEF APPEALS TO COUNCIL FOR EIGHT MORE PEOPLE TO HANDLE THE RUSH.

Building activities in Los Angeles have grown to such a volume that Chief Building Inspector Backus has again appealed to the City Council for additions to his staff. His appeal was first sent to the Board of Public Works, which yesterday forwarded it to the Council, with the recommendation that it be granted.

Mr. Backus asks for the addition of three assistant inspectors of buildings, two assistant inspectors of plumbing, two clerks and one clerk-stenographer, and that \$2750 be appropriated to meet their salaries for the remainder of the fiscal year. The Council sent the matter to its Finance Committee.

Mr. Backus says his department is unable to attend properly to the regular daily work.

"This office," he says, "has not had an adequate corps at any time since the spring of 1919, when building activities began to increase rapidly," and he declares that inspections are too far apart and that many office records are not properly kept.

MARIO IS STAR OF GOUNOD LYRIC LOVE DRAMA.

By Edwin Schallert.

Great Juliets are born with beauty and good voices, and none other can qualify equally with our minds and our hearts. For this reason, if for no other, the performance of Gounod's second most-famous opera based on the lyric of love of the son and daughter of two inimical Verona families, as told in Shakespeare's tragedy, was a source of keen enjoyment to the matinee audience which completely filled the Mason Theater yesterday.

Queen Mario not only sings and acts Juliet, but she comes as close to being an ideal for the heroine in the opera of "Romeo and Juliet" as nearly any singer on the American stage. The essence of Miss Mario's personality is her charm and a sort of innocence enshrined in womanliness that is naturally associated with Shakespeare's more delicate sister of Iside.

What is more the voice of Gounod's attractive soprano star seems to possess that quality of sweetness which would belong to Romeo's fair love.

Gounod's opera is comparatively unknown to this city. There have not been more than three or four performances in the span of years since operatic history began. The annual visits of traveling companies may be called—was begun here. Admittedly, the opera of the Shakespearean work proved a taxing one for the French maker of melodies, for there is much of time and glass to adorn in rococo fashion the classic temple of the original tragedy.

Still, there are the soft sighing strains of the balcony scene, the vivid dramatic harmonies of the clash between the houses of Capulet and Montague on the streets of Verona, the sorrowful ecstasy of the farewell in Juliet's apartment, and the beautiful death scene of the lovers to reveal to the audience a heart with sweet and delicately sensuous sound that, while it lacks the freedom of inspiration found in "Faust," is nevertheless pleasing and sometimes captivating.

The music falls short of the objective in many places, but at least it does not detract from the drama, as it occasionally did yesterday, was due chiefly to the fact that neither the singers nor orchestra are so well acquainted with the ins and outs of this work as with the others.

Mario was the radiant gem of the performance. Ballester had only a brief chance to display his voice in the role of Mercutio in the Queen Mab song to the first act; he acted the part with his usual fine conviction. He made his French stick against the general conspiracy in favor of the Italian language. I sometimes wonder in these French operas whether anybody knows what the other fellow is trying to say. Romeo Boscacci was neither in very good voice nor especially well versed in the requirements of the Romeo role, nor is he the ideal for the part by a long way, but under these disadvantages, which naturally handicapped him, he made a very serious effort, indeed, at giving a convincing portrayal and in some of the dramatic scenes sang the part very effectively. The concerted portions of the opera, of which there are quite a number, were marred by imperfect tonal blending. Some of the singers were off key at times. Pietro de Biasi appeared somewhat less sure of himself than usual in the part of Friar Laurence, although he acted it convincingly.

In spite of the drawbacks noted, the performance of "Romeo and Juliet" was a satisfaction because the opera offers the rest of the evening, and also because the production as a whole was marked by a sincere endeavor by the members of the company, while Miss Mario was an unending delight as Juliet.

Reshowing of "Polyanna." "Polyanna," Mary Pickford's feature, is to show for the first time on Broadway next week at the Garlick Theater. The picture recently had a very successful run at Clune's Auditorium.

Californians Soloists. Two young Californians are to be the featured soloists for the next concert of the Los Angeles Symphony Orchestra on Friday and Sunday afternoons.

Jamie Overton, violinist, who is a Los Angeles resident, will be the featured soloist for the Friday afternoon concert. Josef Riccard, pianist, is another westerner. He comes from a family of musicians who have been gifted with rare talent. He is to be soloist for the Sunday popular concert.

Director Adolf Tandler of the Los Angeles Symphony Orchestra has arranged an all-Tchaikowsky programme for the Friday afternoon concert, the great Russian composer's works being very popular here.

Desmond on Stage. William Desmond, the Los Angeles favorite matinee idol who trod the boards of the historic old Burbank many times, and then fell captive to the lure of the screen, will return to the local footlights Friday night at Pantages.

Bowman, who is producing Desmond's latest Jesse D. Hampton production, "The Man from Make Believe," arranged last night with Carl J. Walker, manager of the theater, to take playhouse scenes required in the picture at Pantages with the audience permitted to remain after the last show and see how a real motion picture is made. The film people plan to spend the rest of the night cleaning up the stage scenes required in the script.

Has Plays for Wallie. A wire from Hal Reid, the well-known playwright, was received last night by Frank Egan, in which the author Reid states that he has just completed two plays as stage-star vehicle. Wallie Reid, who is now featured in "The Rotters" at the Egan Little Theater, has asked Producer Egan if arrangements could be made to give both of the plays their initial try-out at the Little Theater. Egan is considering the proposition, and will send a wire to Reid the last of this week. For a long time Wallie has been anxious to break away from the screen and try a season of the legitimate either in New York or on tour.

Wallie Reid will hold a reception between the second and third acts of "The Rotters" in the coffee room.

Katherine MacDonald. In Footlight's Glow and Cinema's Gleam.

Clara Horton in "The Little Shepherd of Kingdom Come," at the California; Katherine MacDonald in "The Turning Point," Tally's Broadway; and Irene Keith in "The Rainbow Cocktail," at the Orpheum.

of the Egan Little Theater at today's matinee. He will autograph photos for his friends, it is stated.

Impromptu Solo. A little child sang her way into a professional engagement a few days ago at the Kinema Theater.

It was during the playing of "Let the Rest of the World Go By," which Leonard H. Clark was rendering at the organ. On her own initiative a little girl in the balcony suddenly decided to furnish an obbligato for the musical number with her voice. Many members of the audience doubtless thought that this was a part of the performance, as the child was allowed to continue her song.

The burst of applause which followed caused Managing Director Jack Callcott to seek out the little sonneteer, and, locating her finally in the rear of the balcony, he persuaded her to sing for him again in his office. The pleased was with her talents that he intends to have her make her debut shortly on the Kinema stage. The girl's name is Dorothy Roberts and she is only 6 years of age.

Gladys Brockwell Film. Gladys Brockwell, who has been absent from the downtown screen for some months, is to return next week in "The Devil's Riddle," at the Alhambra Theater.

This billed as the "story of a woman who pawned her heart" and the other fellow is trying to say. Price, Claire McDowell, Richard Cummings and William Scott.

In French Liner. An exhibit of the latest styles in Parisian lingerie is promised in the next show put on by Ed Armstrong at the Burbank Theater. The exhibit is to be a diversified selection of "pretties" in the song and dance numbers.

Warfield Near. Announcement is made of the opening of the seat sale today for David Warfield's engagement in the Auctioneer at the Mason.

Mr. Warfield is returning to the local stage in the portrayal of the character of a man who is a diver, to whom she was married when only 18 years old.

Miss Breaner is the possessor of some beautiful jewels, but reports the loss of a diamond bracelet valued at \$12,000.

Miss Breaner is leaving New York, and the joke of it is the great detective, W. J. Burns, with her party when she lost the article of jewelry.

Allan Dwan Returns. Allan Dwan, member of the Big Six organization of directors, otherwise the Associated Producers, arrived in the city yesterday from New York. He is expected to produce the "Partners of the Night" at the Garlick Theater.

Partners of the Night. The local branch of the Goldenwyn Distributing Corporation has received the first prints of two Eminent Authors productions, pictureizations of Mary Roberts Rinehart's "Partners of the Night" and "Dangerous Days" is the first of Miss Rinehart's works to be produced by Goldenwyn and will be shown at the City studios under the direction of Reginald Barker. Lawson Butt plays the lead and is supported by Florence Dashon, Pauline Starke, H. Milton Ross, Carlisle Selwynne, Frank Leigh, Barbara Castleton and Bertram Grassby.

"Partners of the Night" is the first production from the Goldenwyn East Coast studios and was produced under the direction of Paul Seardon, from a scenario by Charles S. Whitaker. Mr. Scott's story is based on a very unusual series of detective tales, with the scenes all laid in New York.

Both "Dangerous Days" and "Partners of the Night" were previewed by the exchange force and invited guests Tuesday night, to afford opportunity of judging the merits of the new productions previous to release. "Dangerous Days" will have its world premiere at the California Theater, March 14, and "Partners of the Night" sometime in April, it is announced.

KENDRICK IS FREED BY HABEAS CORPUS.

LAWYER HAD BEEN SENTENCED FOR ADVISING GIRL ON WITNESS STAND.

Attorney W. T. Kendrick, Sr., was released from the custody of the Sheriff, under a writ of habeas corpus sworn out by his son and namesake, in Presiding Judge Weller's court yesterday.

Mr. Kendrick was fined \$100 the previous day for the purpose of allowing Dorothy to change her mind. She still refused to answer the questions, and was fined as well as her attorney. The court ordered that she must stay in Juvenile Hall until the fine is paid.

Patron Kendrick says he is going to fight to have her released by habeas corpus proceedings or by an appeal to the Appellate Court.

SPIRITUALISTIC FILM.

SYLVIA BREMER TO STAR IN CHAMBERS STORY.

By Grace Kingsley.

That Sylvia Bremer, the new Mayflower star, who has just arrived in the city, is to be exploited in the best stories obtainable was the announcement yesterday made by Mayflower officials. Her first film play will be Robert W. Chambers' "Athalia," a story of spiritualism. This will be directed by Sid Franklin, formerly Mary Pickford's director, and who has also made Norma Talmadge pictures. Miss Bremer will work at Brunton studios, and her cast includes Anna Q. Nilsson, Robert Cain, Sam De Grassi and Conrad Nagel.

"Athalia" will be the first big story dealing with the subject of spiritualism. This side of the tale will be emphasized said Sid Franklin yesterday, yet will be handled in a manner entirely free from all buncombe fustian and jettison that obscures the theme. Also his heroine is to be a real flesh-and-blood character.

Miss Bremer was accompanied on her trip west by her sister, Doris Bremer, lately arrived from Australia, and the two sisters are looking about for a house, as they expect their mother soon, as well as their kind brother, who will live with them. Miss Bremer being an ardent horsewoman, is also seeking a horse to ride during the days when she is not working in pictures.

Doris is about two months ago, the star declares she is in excellent health now, and she looks rosy enough to prove it. She denies the rumor that she is going to wed again soon. In fact, she has just received her final decree of divorce from William Morrison, a director for the Williamsons in Australia, to whom she was married when only 18 years old.

Miss Breaner is the possessor of some beautiful jewels, but reports the loss of a diamond bracelet valued at \$12,000.

May Allison's Next. May Allison's next picture for Metro will be Eugene Walters' "Fine Feathers." Miss Allison reports she is spending her few days' vacation planning the arrangement of the furniture for her new home in Beverly Hills. The house is not yet finished and at present she says she and her sister and mother are living in the kitchen, dining room and sleeping porch.

Charlie Chaplin Vacations. Charlie Chaplin has just returned from a three days' vacation at Catalina Island, where he went fishing with Mr. Wrigley. Of course, he chewed the famous Wrigley gum in order to prevent seasickness. He has nearly completed his current picture.

Griffith to Return. A wire received from D. W. Griffith's studio in New York is to the effect that Mr. Griffith and his players, including Lillian and Dorothy Gish, Robert Harron, Richard Barthelemy, Carroll Kressley, Clarence Seymour and others, are to come West within the next month. They will resume production here.

George Larkin Here. George Larkin, hero of serial thrillers, has returned to Los Angeles, after an absence of a year. Larkin is accompanied by his wife, known professionally as Olive Kirby, and the two have already purchased a home in Beverly Hills. Mr. Larkin has two or three professional irons in the fire and expects to have an announcement of his affiliation to make within a fortnight.

Eileen Percy with Fox. Eileen Percy has been signed up to play leads with Fox in a series of six pictures.

Tom Mix's New One. Tom Mix's next Fox picture will be "The Untamed," by Max Brand.

NEW FRENCH CLASSER.

New classes in French conversation, open to students who have a speaking knowledge of French, will be started tomorrow at 4 and 5 p.m. by the University of California Extension Division. L. F. D. Brao will give the instruction at 412 Metropolitan Building. Information concerning classes in beginning and intermediate French may be obtained at the office, 628 Metropolitan Building.

BULLOCK'S CLOSSES SATURDAY AT ONE O'CLOCK EVERY SATURDAY THROUGHOUT THE YEAR

Today---Thursday

New Year's Day of Bullock's 14th Year

—The sunlight morning of Inauguration Month signalized by Personality and Friendship—devoted to intensified expression of Bullock's, of Bullock principles, and Bullock purpose.

—Every section of the store is ready, imbued with that spirit which is appreciative of Time as Opportunity, and which recognizes responsibility.

—New Merchandise and New Values and Happiness will, in this month epitomize the life, thought, ideals of Bullock's in a way that should accrue to the advantage of Bullock customers.

Thursday, at 10 o'clock will commence the Annual Distribution of Flowers (Violets)

—And again at two in the afternoon it will continue, provided quantities obtain to make it possible.

—So let the message of Inauguration Month—this March of 1920 be "A Happy New Year."

—As it sponsors happy Purposes—happy Merchandise—happy Values—for Friendship's sake.

—As Fairy fingers spin New Fabrics—subtle in weave and coloring—Fabrics to capture Milady's heart.

—For this is the month when Spring again affirms her obligation to wake the Jonquils, the Hyacinths and the Violets—to bring the sweet song of birds athrill upon the Southwind.

—This is the month of Beginnings—the threshold of a bright New Year, and this message is an invitation—for there will be

New Merchandise and New Values

to make this Inauguration Month the month auspicious among Inauguration Months—and the vista wide and clear and inviting.

—Neither sale month nor anniversary—perhaps more than the one, certainly different in constitution and intention from the other.

—Inauguration Month—a month devoted to an intensified concentration upon Service and Sincerity—the making of New Friendships and the binding of old Friends closer.

—So "Happy New Year" to you—and you—and you—this New Year's Day of Bullock's 14th Year—this first day of

Inauguration Month Thursday, March 4, 1920

—The Annual Distribution of Flowers (Violets) will take place at Bullock's on Thursday—for Friendship's sake.

"Doorways"

—March 4, 1907, Bullock's opened its first two "doorways" to Los Angeles.

—Now Bullock's gauges success by the friends who have since passed through those doorways, and the "doorways" that have opened during "The Years Between."

—These Friends that have so increased in numbers from year to year—these friends reflected in increased areas, in intensified sincerity, in Service the way to which lies through the first two "doorways" and the "doorways" that have opened during "The Years Between."

—Those first two "doorways"—one on Seventh Street, the other on Broadway—led into a store which in those days (March, 1907, the first month of Bullock's as a business entity) was indeed large for the business which was then in its infancy. The total area in this first Bullock building was 182,700 square feet.

—March 4, 1908, Bullock's first Inauguration Month, established a precedent which 1909, 1910, 1911 took up and strengthened—passing on to Inauguration Month, 1912, the distinction of marking Bullock's first expanse.

—At this time, construction was well under way on a new ten-story basement and sub-basement, Class A Building, which would increase frontage 70 feet on Broadway and add 157,842 square feet to the area of the business which saw its commencement a bare five years before.

—During the year 1912 this building was completed and another "doorway" of Bullock's opened to the people of Los Angeles—enlarging opportunity for service.

—Another five years witnessed still further widening activities—this time towards the West—in 1917 Bullock's embraced that splendid eight-story building, now known as Bullock's Hill Street Building—bringing the total area of Bullock's up to 458,587 square feet.

—Then another "doorway" opened—which you may pass through today from Broadway and from Hill Street into Bullock's Art and Gift Store.

—In 1919 the way was opened for another forward step—the greatest which Bullock's has ever taken—concerning the absorption of the property West from Bullock's on Seventh Street.

—This new step forward has already sponsored the opening of two more "doorways" to Bullock Service—one on Hill Street, opening into Bullock's New Trunk Store of Trunk Stores—a store in which 8000 square feet are devoted exclusively to Good Luggage.

—Another Bullock doorway on Seventh Street commands the prospect into that new Bullock Store of Outdoor Clothes for Woman—"Fashion's Fairway."

—Such is the manifest of trust and confidence which Bullock's measures, with full appreciation, into responsibility—and it will be Bullock's endeavor to maintain and develop service with sincerity up to the standard of those friends—reflected by the "doorways" and the "doorways" which have opened during "The Years Between."
